

Parallel Park

- Approach vehicle straight while being at least one arm length out from target vehicle.
 - Signal left at least 3 seconds before stopping next to the vehicle.
 - If the target vehicle is small, stop your vehicle where their side mirror is adjacent to you.
 - If the target vehicle is big, stop your vehicle where their side mirror is adjacent to your side mirror.
 - Put car into reverse and tilt left side mirror down.
 - Look all around the vehicle to make sure it is safe to proceed.
- 1. Turn steering wheel one complete 360 degree turn to the left.**
 - Reverse slowly till the vehicle reaches 2 o'clock position.
 - 2. Turn steering wheel one complete 360 degree turn to the right.**
 - Slowly reverse backwards till the rear of the vehicle looks like it is touching the kerb in your side mirror.
 - 3. Turn steering wheel one complete 360 degree turn to the right.**
 - Reverse slowly backwards to bring the nose of the vehicle in towards the kerb (increase the turn to the right if it looks like you are going to touch the kerb with your rear tyre).
 - 4. Turn steering wheel one complete 360 degree turn to the left and move slightly forward.**
 - When leaving reverse away from target, put your vehicle into drive and raise the left side mirror, perform mirror check, blind spot check and signal right before moving out.
